Fees: Call to obtain

ENTERHEALTH *Residential Addiction Treatment*

Address: 524 N. Lincoln
Park Road, VAN
ALSTYNE

Services: Whereas twelve-step programs focus on "working the steps," the Enterhealth drug and alcohol addiction program treats the disease of addiction as a medical condition – specifically, as a chronic brain disease – and begins with a complete medical and psychological assessment and the development of a personalized drug and alcohol treatment plan. The areas of the brain that sustain injury due to alcohol or drug addiction are those that form deep physical and emotional connections between the substance and the patient's sense of pleasure. These connections make it extremely difficult for your loved one to resist using the substance, based on very real and primal urges that can take more than a year to overcome before the brain is able to "reset" itself. Using a combination of neuropsychology, medication and psychotherapy, we can shut down cravings for drugs or alcohol, giving the brain much needed time to heal. The latest scientific protocols and medical

breakthroughs that block the effects of alcohol and drugs can also lessen the effects of withdrawal and decrease cravings and desires to use. A comprehensive approach to drug and alcohol rehab which addresses the physical, psychological, neurological, relational and spiritual aspects of addiction.

MENS MISSION FIRST BAPTIST CHURCH IN LEESBURG

Residential support for homeless men

Address: 115 N. 13th Street, LEESBURG

Services: The Men's Residence program is divided into four phases. Phase one is a very structured, six-month program. The men rise at 6:00 each morning and are very busy with classes, individual counseling, chores and opportunities for service until 10:00pm. Class topics include a Christian Based 12 step program, Bible study, relapse prevention, financial literacy, relationship issues and others that help the men develop a healthy rhythm in their lives. During phase two, which lasts six weeks, the men serve in one of the many ministries of the CCC. They learn valuable life skills as they work alongside other volunteers in the Benevolence Center, Thrift Store or other ministry areas. Phase three centers around helping the men regain financial independence. Over several months, they find jobs, work, and create a budget that enables them to repay any debts and deal with any financial issues resulting from their addictive behaviors. They then budget and save toward a place to live as they transition back into independent lives. Phase four is for men who

need additional time and accountability after completing the first three phases. These men move to our off-campus transition house where they have more freedom, but benefit from the accountability and support offered by the extended program. Every evening the on-campus men prepare and serve a hot meal to the area's homeless and hungry men, women and children. Forty-Sixty guests arrive each evening and the Men's Center residence prepare, cook, serve, interact with and encourage the guests. As they serve, they discover the fulfillment derived from giving back to their community, as others pour into their lives. Facilities The Men's Residence has two barracks-style rooms with 12 beds each and three bedrooms that sleep two to four men each, for a total of 34 beds. The facility also features a commercial kitchen and a large common room that serves both as a dining room and a classroom, private rooms for counseling as well as staff offices. Outdoors there is a recreation area with basketball, free weights and a running circuit. History In 1982, FBC Leesburg established as rescue mission for transient men. As time progressed, it became clear that most of the men being served struggled with drug and alcohol addiction issues and would be better served in a rehabilitation facility. The mission expanded its services and undertook the challenge to provide substance abuse programs

and life skills training to enable men to conquer their addictions and regain control of their lives. The Center serves 24 men in program, 10 men in on-campus transition, and three men in off-campus transition. Partnering Opportunities Serve dinner at 5:00 pm to the needy Answer the telephone Teach classes Retired professional counselors to counsel residents Partner financially to sponsor a man, equip men with study materials, or supply kitchen equipment Staff The Men's Residence staff consists of four positions: Director: oversees all operations of the Men's Residence, its programs, facilities, staff, and residents Two Assistants: manage day-to-day operations, including meal preparation, housekeeping, scheduling and supervising the residents Resident Manager: provides after hours security and safety Director: Jay Walsh Jay has served as Men's Residence director since 2001. He has an extensive background in the inner city missions and is passionate about helping men change their lives through discipleship. Jay and his wife, Linda, have four children. His goal for the Men's Residence is fourfold: To help men overcome their addiction To disciple men in a relationship with God To assist them in reconciling with their families To transition them to independent living You can contact the Men's Residence at 352-787-9904 or e-mail our Director Jay at

PHOENIX HOUSE SOUTH
Rehab Drug Treatment Center
Address: 15681 US-301, CITRA
Services: At Phoenix House, you will be treated with respect and dignity by professional staff, some who are also in long-term recovery. Together, we will explore how drug or/alcohol use or mental health problems may be affecting you, your family, your schooling or career, and your quality of life. Our services vary by site and include: residential and outpatient treatment; group, individual, and family counseling; detoxification and stabilization; and services to help sustain a successful recovery. Many of our clients take part in recreational and cultural activities—from hikes and picnics to recording in our music studios—that help them see the potential for a life free of substance abuse and addiction. We also offer specialized programs for underserved groups such as women, Latinos, and veterans.
